Why CPA?

INSTANT CREDIBILITY

The CPA license separates you from others in accounting/business related positions by demonstrating you’re an expert in the field who has completed additional training and work experience.

TAKE YOUR PICK

Certified Public Accountants are needed in every industry, so you have the ability to work for an organization you’re passionate about. Entertainment, education, sports, nonprofit, government, technology — you name it!
MY NUMBER ONE TIP

for anyone who’s interested in accounting is: just know that it’s attainable. Don’t doubt yourself. If the numbers are intimidating you—don’t let them. It’s about being able to look at something, understand a problem and figure out the best way to address it. That’s what accounting is. Having the CPA designation just gives people more confidence that you’re a critical thinker and you’re a problem solver.

Sitting for the CPA Exam requires a significant investment of time. It’s important to develop a strategy to sit for and pass the CPA Exam. One tool candidates use is a CPA Exam Review course. With dozens of options available, how do you pick?

**Best Learning Method**

It’s important to be realistic about your study habits. If you like lectures and want to interact with an instructor, a live course may suit you better. Other candidates prefer the flexibility of self-study/online courses.

**Cost**

Each review course has a different fee and many offer discounts or have discounts with employers. However, cost shouldn’t be the only factor when deciding on a review course.

**Questions to Ask Review Course Providers**

- Does the review course provide updated study materials as the Exam evolves?
- How long do you get access to the study materials?
- What is the review course structure?
- What is the CPA Exam pass rate of students who have taken the course?
- Can you preview the course before purchasing?
- Is there an instructor or teacher available if you have questions about the content?
- Are you limited to one format or can you have the flexibility of combining online and live courses?

**Review Courses**

INCPAS members have access to several discounted Exam review courses:

- Becker ($300 discount)
- Gleim (20% discount)
- Roger (20% discount on review course or 15% discount off everything in your cart)
- Surgent (35% discount)
- Yaeger (20% discount)

For details contact Sarah Townsend at stownsend@incpas.org or (317) 726-5011.
TAKING THE CPA EXAM

The computer-based Exam has four sections you must pass.

- You take each section one at a time and must pass all four within 18 months.

In 2017, the Exam evolved to reflect the needs of today’s profession and focus on the knowledge and skills required of newly licensed CPAs.

- Shift from Memorization to Critical Thinking (greater assessment on higher order skills including critical thinking, analytical ability, communication skills, problem solving, professional skepticism)
- There are still four Exam sections: Auditing & Attestation (AUD), Business Environment and Concepts (BEC), Financial Accounting and Reporting (FAR) and Regulation (REG)
- Less multiple choice questions and more task-based simulations (TSB were added to BEC for the first time)
- Increased testing time (16 hours – 4hrs/Exam) and a new **15-minute break** midway through each section that doesn’t count against testing time.
- In-depth Exam blueprints replaced the former content and skill specification outlines to provide better clarity on what will be tested
- 10-day test window extension = **40 extra days of testing!**
- The price of the Exam increased (due to the increase in testing time)

HELPFUL HINTS FROM A RECRUITER

Before the Job Search
- Have an experienced professional check your resume for content.
- Have a good proofreader check your resume for spelling and grammar.
- Make sure to get a professional outfit you’re comfortable in.
- Google yourself — is there anything out there you wouldn’t want a prospective employer to see? Start adjusting your privacy settings, untagging photos and deleting now.

Career Fairs
- Don’t feel like you have to talk to the main recruiter — talk with any of the team members there.
- Give a firm handshake and make eye contact (practice this!).
- Greet the organization and take a minute to chit-chat before diving into your one-minute elevator speech.
- Don’t linger. When the conversation comes to an end, thank the recruiter for their time and move on.

Interviews
- Arrive early and definitely don’t be late. The night before, figure out exactly where you are going and where you will park.
- Give a firm handshake.
- Be nice and act interested.
- Know the name and background of the firm/company you’re interviewing with.
- Always have 2–3 good questions to ask the interviewer.
- It’s okay to ask what the next steps are in the process (when you can expect to hear back, how many positions are they looking to fill, etc.).
- Turn your cell phone off (don’t have it on vibrate, either).
- Avoid slang.
